Re: WT Docket 11-65

Dear Chairman Genachowski,

On behalf of the 12,500 members of The Greater Las Vegas Association of REALTORS®, I am writing to urge your support of the AT&T/T-Mobile merger. America's economic recovery depends on the health of the housing market, and the merger of AT&T and T-Mobile provides a tremendous opportunity for homeowners and potential homeowners across America to capitalize on the benefits of increased wireless broadband access and higher connectivity.

A critical component of our economic recovery is a robust and thriving American housing market. Increased access to the Internet and enhanced services would directly benefit homeowners and buyers. During the important process of buying or selling a house, the Internet is invaluable because it helps home buyers make educated choices about houses, select agents, and easily communicate across long distances.

Furthermore, because REALTORS® themselves are in a highly mobile profession, better wireless coverage and expansion of the AT&T network will be essential to keeping up with client communications and providing the best services possible.

As our economy improves and we become increasingly reliant on broadband access and wireless devices, it becomes more important to support this merger. We sincerely hope that you will allow this merger to benefit homeowners, buyers, and realtors nationwide.

Sincerely,

A handwritten signature in black ink, appearing to read "Sean H. Fellows", is written over a horizontal line.

Sean Fellows
